# The Talk of The Campus

## Snowflake Lake

**S**TUDENTS named their new skating pond "Snowflake Lake" before the Christmas holidays—and then returned to campus to find that the New Year produced winter weather and ice on the pond.

The project, initiated by students more than a year ago, was completed this winter in an all-out "operation recreation" supervised by Del J. McQuaide, a junior from New Kensington, Pa.

The pond is located on the eastern border of the campus near the football practice fields.

McQuaide succeeded in finishing the job by organizing a series of work days. Freshmen provided a major share of the "man-hours" of labor required to construct a small reservoir and lay the pipe to the pond. However, all students were given an opportunity to sign up for one afternoon of work each week.

For their efforts, the freshmen were permitted by the upperclassmen to name the new skating pond.

Students have graded the banks, planted grass and built a fireplace. "Now all we need is continued cold weather to ice the pond and Operation Recreation will be considered a success," according to McQuaide.

## New Courses

**T**WO NEW COURSES, both religious in character, have been added to the program of study at the College for the Spring term.

A course in Church Music will be offered in the department of music and Theology of Peace will be added to the department of Biblical Studies.

Church Music will be a survey of the history and literature of the music of the Christian church. Analysis of the various liturgies, with attention to the function of music in the church at the present time, will be covered. This course has been designed for students of music as well as pre-ministerial students.

Theology of Peace will be an introduction to theological thought on the problem of war and peace. The witness of the Biblical revelation, the historical attitudes of the church, and current writings will be studied.

## Aid to Hungary

**T**WO PROJECTS to aid Hungarians were undertaken by students at the College after the holidays.

Student Senate authorized Juniata World Service Fund (JWSF) to conduct a one-day fund campaign. Approximately \$250 was obtained for Hungarian student relief. In addition, the Juniata Christian Association (JCA) conducted a clothing drive.

## Frosh Leaders

John A. Holman, 1501 Locust St., Williamsport, Pa., has been elected president of the freshman class at Juniata College. Other officers are Jay R. Maust, Somerset, vice-president; Jane L. Herberster, Lewistown, secretary; Ann Noe, Langhorne, Pa., treasurer.

## Campus Judiciary

**A** CAMPUS JUDICIARY, approved by students, faculty and administration at the College, "implements the rules of college life in non-academic matters" and provides greater opportunity for self-government.

Eighty-one percent of the 730 students voted in favor of the constitution which established a joint student-faculty committee to enforce present rules of student conduct.

The new judiciary "provides an opportunity for more mature and responsible student self-government and closer understanding and cooperation among students, administration and faculty," according to James M. Stayer '57, Denver, Pa., president of student senate.

Students elected to membership on the committee of nine included: Henry H. Gibbel, Lititz, Pa., and Joan R. McClure, Colonial Park, Pa., both seniors; Marbrie E. Goodrich, Ridgway, Pa., and Del J. McQuaide, New Kensington, Pa., both juniors.

Eloise Holsinger '57, Johnstown, chairman of women's house, and K. Ray Ono '57, Seabrook, N. J., chairman of men's house, represent Student Senate.

The dean of women, dean of men and a faculty member elected at large (Dr. Donald M. Rockwell) also are members.

## Leadership Talent

Twenty members of Juniata College's freshman class of 235 were either class presidents or student council heads.

## Going Up

THE CORNERSTONE for Juniata's newest building, the \$638,000 residence hall for women, was placed in position Nov. 10 as a highlight of the annual Parents Day.

Students, parents, college officials, and trustees gathered to see Dale W. Detwiler, Roaring Spring, chairman of the building committee, and Henry B. Gibbel, Lititz, president of the board of trustees, lay the stone.

The new dormitory, moving upward on schedule, is scheduled for completion next August and should be ready for occupancy in September.

President Ellis presided at the brief morning ceremony on the site of the building at Eighteenth and Oneida Streets. In his remarks, Dr. Ellis explained that it was "a significant occasion." He pointed out that the cornerstone ceremony was the first held at Juniata College since the stone for Oller Hall was laid in 1939.

Representing the students was Miss Eloise Holsinger '57, Johnstown, chairman of women's house committee. The invocation was given by the Rev. O. J. Hassinger, Carlisle, Pa., father of a student, Glenn.

FLOOR PLANS for the new residence hall for women at Juniata College reveal room arrangements in the four-story, L-shaped building. Accommodations for 120 girls will be available and a dining hall will seat more than 200. The College infirmary with doctors' offices will occupy part of the first floor.

Individual rooms are being furnished by contributing \$500 through the Alumni Fund. The list at right shows the donors of rooms (by number).

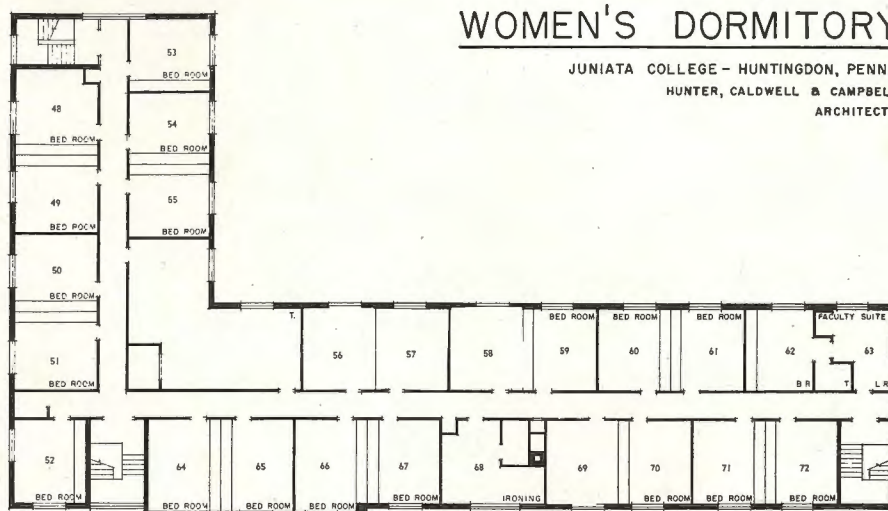

### Poem Selected

The Mountain, a poem written by Clinton E. Betz, Jr. '57, Johnstown, has been selected by the National Poetry Association for publication in this year's annual Anthology of College Poetry.

## Staff Changes

THE RESIGNATION of the College's dean of men and the approval of a sabbatical (leave of absence) for the college librarian were announced in December.

Dr. James F. Penney, who has been dean of men and director of placement since 1952, left at the end of the Fall term to become assistant professor of guidance and psychology at Boston University.

Mrs. Sarah S. Hettinger (McVeytown, Pa.) has been granted a leave of absence from her position as librarian "for rest and travel" beginning Jan. 1.

Named as replacements were Charles A. Godlasky (Osceola Mills, Pa.), who will be acting dean of men for the Spring term, and Miss Anna Kathryn Winger '53 (Greencastle, Pa.), who will serve as acting librarian until next September.

Mr. Godlasky, a graduate of the Pennsylvania State University, joined the faculty this year to serve as instructor and assist in coaching. He is now teaching courses in the freshman integration program and has completed his first season as line coach in football.

An Air Force veteran, Mr. Godlasky formerly taught in Tyrone high school and was a graduate assistant at Penn State. He holds a bachelor's and master's degree from Penn State and is working toward his doctor's.

Miss Winger also joined the Juniata staff this year as assistant librarian. A native of Waynesboro, Miss Winger is a daughter of Mr. and Mrs. Frank H. Winger of Greencastle, Pa. She was graduated from Juniata in 1953 and received her master's degree from Drexel Tech in 1954.

## Heads Campus Relations

Charlotte Mae Beltrame '57, New Castle, Pa., has been elected to head a new campus relations club at the College. The group will assist with sub-frosh activities.

## Joseph W. Yoder 1872-1956

JOSEPH W. YODER NE '95, AB '04, widely known author, lecturer, singer and interpreter of the "plain people," died November 13, 1956.

One of Juniata College's "most influential" representatives from 1920-1940, Mr. Yoder spoke and sang to school assemblies as a "high school visitor." He also was recognized as the first appointed athletic director of Juniata serving for three years (1901-1904) while attending college.

After leaving college work, Mr. Yoder received wide acclaim as an author of books about the Amish and their traditions. His first book, "Rosanna of the Amish," published in 1940, was regarded as "the only authentic book on the social, religious and stern economic practices of the Amish."

Another book, "Amische Lieder," is the hymn music of the Amish which has passed from ear to ear for 250 years but never before had been written. It is the oldest Christian hymn music in the world.

Mr. Yoder penetrated deeper into the religious and social customs of his people in "Rosanna's Boys" published in 1949. A fourth book, "Amish Traditions," came off the press in late 1950.

Born in Belleville, Sept. 22, 1872, Mr. Yoder was the son of Christian Z. and Rosanna McGon-egal Yoder. He was graduated from the Normal English program in 1895; later returned to receive a bachelor of arts degree in 1904. He is survived by Mrs. Yoder, the former Emily Lane.

## 46 Counties Represented

Forty-six counties in Pennsylvania are represented by students in the enrollment of 700 at the College.

JOSEPH W. YODER '95, '04

## J. G. Dell

J. G. DELL, ME '04 for many years one of Huntingdon County's leading citizens, died December 17, 1956, one month after his 90th birthday.

His activities and accomplishments were many and included years as a school teacher and later as county superintendent; two terms in the Pennsylvania General Assembly; superintendency of the Huntingdon Borough Water Works, and presidency of the Grange Trust Co.

Born in Smith Valley November 11, 1865, Mr. Dell was the oldest son of Ephraim and Mary E. (Wright) Dell. His wife died in 1947.

## Frank Brumbaugh

FRANK G. BRUMBAUGH S '81, of Marklesburg, sole surviving brother of the late Dr. M. G. Brumbaugh, died at his home December 4, 1956. A retired railway mail clerk, Mr. Brumbaugh has been in ill health since spring. He was 92.

Dr. M. G. Brumbaugh was former governor of Pennsylvania and a president of Juniata College.

# Alumni Achievement

## 'Platero and I'

THE ENGLISH translation of the Nobel Prize winning work of the Spanish-born poet, Juan Ramon Jimenez, brought international recognition to a Juniatian and her husband.

Mrs. Mary (McKenzie) Roberts '38, and her husband, Dr. William Roberts, collaborated for more than a year on the translation of "Platero and I," generally regarded to be the greatest work of the Spanish poet and prose writer.

Their book, "Platero and I, an Andalusian Elegy," is dedicated to their daughter, Betsy, and to the Spanish author and his wife.

Mrs. Roberts is a daughter of Dr. and Mrs. Fayette A. McKenzie of Taylor Highlands, Huntingdon. Dr. McKenzie is professor emeritus of sociology at the College. At present, the Roberts are located in Nashville, Tenn., where Dr. Roberts is professor of Romance languages at Vanderbilt University.

## Honored

RECOGNIZED for distinguished accomplishments which "contributed extensively to the advancement of the public relations program of the oil industry," George L. Weber '40, Watertown, N. Y., has received a gold award.

George L. Weber '40

The Oil Industry Information Committee of the American Petroleum Institute conferred the award on Weber who is Area V chairman for the Atlantic Refining Co.

NEW DEAN of Wittenberg College is Dr. John N. Stauffer '36 whose appointment is effective next Sept. 1. Dr. Stauffer joined the faculty at Wittenberg after serving as assistant director of the Veterans Guidance Center at Harvard University. He was named dean of students and assistant professor of psychology in 1947. Currently his rank is associate professor of education.

## Science in News

ACHIEVEMENT of more than 540 alumni in scores of scientific fields is recorded in an 11-page Science Department Directory beginning on page 10 of this issue.

The combined effort of the three departments in Science Hall—biology, chemistry and physics—and the Alumni office, has provided an impressive listing which makes one feel proud of the achievement of Juniata's alumni in this field.

Information for the directory was obtained primarily from responses to a questionnaire circulated by the three departments.

Turn to page 10 for a fascinating report of alumni achievement.

## COMMENCEMENT WEEKEND

JUNE 1-2-3, 1957

## Named Editor

PUBLICATIONS editor is the new title for Alan M. Fletcher '50, who was placed in charge of all Innes Publications recently on the retirement of the owner, William T. Innes.

Innes publishes a line of books about the aquarium hobby and the monthly magazine, The Aquarium. Al became managing editor of the magazine in 1955 after serving two years as an associate editor.

The company is virtually "the world headquarters for the hobby." It has its own printing plant.

Mr. Fletcher is currently revising several established books and is writing a series of new books and booklets, illustrated with his own photographs (fish photography is a highly specialized field).

In addition to his editorial duties, Mr. Fletcher does some freelance writing on the outdoors and has had articles published in Collier's and the Archers' Magazine.

Alan is married to the former Julia Emigh '49 and they have two children, Anne Margaret 5, Carol Jean 1. His brother is the Rev. Philip H. Fletcher '48.

# Economics and Business

By Thomas J. Nolan

**EDITOR'S NOTE**—Pre-Professional Education was the keynote topic of the College's pre-opening Faculty Conference held in September. Among the papers presented by members of the faculty was Professor Thomas J. Nolan's discussion of "Pre-Professional Education in Economics and Business." Professor Nolan, a graduate of King's College with a master's from the Pennsylvania State University, has been a member of Juniata's faculty since 1953.

**T**HIS SUBJECT of pre-professional education in the field of economics and business administration can generate more difficulties than the same discussion in other fields of education for the simple reason that many persons do not regard business as a profession.

Fortunately, after consulting a dictionary, I found that business did qualify as an occupation that properly involves a liberal education or its equivalent, and mental rather than manual labor which is their method of defining a profession.

The department of economics and business administration at Juniata College is, of course, organized along the lines of a liberal arts program as are the rest of the divisions of study. But, even though we attempt to present to our students a program designed to accomplish the aims and objectives of a liberal tradition, namely, the development of the entire student and not just a highly trained specialist, there seems to be in our area an inevitably greater emphasis upon the very utilitarian aspect of "earning a living after college."

In the department we offer a variety of courses designed primarily to aid the student in grasping the fundamentals of many

segments of the economy and the accounting field. After reviewing several catalogs of small liberal arts colleges I have discovered that most of them offer in the neighborhood of twelve to fifteen courses in the specific fields of economics and accounting. However, here at Juniata we offer a total of 21 courses in these fields. This is not in any way an attempt to produce "specialists" but rather our own method of attempting to prepare our students either for the advanced studies which are offered in the various graduate schools of economics and business, or to prepare them to move directly into business positions.

## Value of Training

The governments and the various business organizations in the United States, I'm sorry to say, seem to be years behind such countries as England and France in the full utilization of professionally trained economists, accountants and business personnel. Fortunately, this trend is being reversed and the nation is beginning to realize the value of men trained and educated along the lines of forecasting, cost accounting, production control, etc. It is because of this realization and the resultant insistence upon a greater amount of formal education that many students who as few as ten years ago were

PROFESSOR NOLAN

quite content with a bachelor's degree are now continuing for at least one year of advanced study.

In one of the recent bulletins on the employment outlook for social scientists published by the U. S. Department of Labor, it is stated that the employment opportunities for social scientists are expected to increase in the long run and particularly in college teaching. It also stated that in private industry there is a definite trend toward increasing employment for social scientists with special emphasis on economists, statisticians, and sociologists. At the present time the largest groups of government employed social scientists are the economists and statisticians and the demand is increasing steadily. This, of course, places more and more responsibility upon the colleges that educate these people. This trend toward increased utilization of professionally trained economists and business analysts can be seen more readily each year.

Although the accounting profession is relatively young in this country, developing principally within the last forty years, it is not difficult to visualize the growing importance of the profession. In order to do so, one need only

to consider the fact that between the years 1947 and 1953, the number of Certified Public Accountants in the United States increased approximately 50% bringing the total to about 53,000 which is not nearly sufficient to meet the demand—much of which may be caused by our income tax laws. The pre-requisite of a formal education for accountants did not develop in America until the late 1920's. But it is rapidly becoming a common practice for the professional accounting societies to insist upon a certain amount of advanced education before a person can become a certified public accountant. One of the most practical demonstrations that advanced education is now needed in accounting is the fact that of the 583 persons who completed the examination for a Certified Accountancy in Pennsylvania last year, only 181 passed. It was mentioned in the Accountants bulletin that most of those who had passed had a certain amount of graduate training.

### **'Not Yet Arrived'**

In regard to the professions of business management and economics, any estimate of the number of persons within these areas would be meaningless because it involves all of those persons who aid in the production, distribution and sale of goods and services. If one accepts as a distinguishing characteristic of a profession, a system of "licensure" then business management and economics have not yet "arrived."

However, I do not feel that this system of licensure is an adequate indication of professional status because any large business must normally include members of many professions and arts, and because there is no specific examination which can determine an individual's capacity for managerial functions.

An economist or business executive, perhaps more so than any other profession, must have a broader knowledge of the entire economy and be able to interpret,

and even to predict to some degree, the impact of such factors as changes in tax laws, changes in the economic status of the population groups, changes in the patterns and standards of living, etc. In order to understand and correctly interpret these factors the economist or business executive is almost forced to pursue a rather general or liberal education pattern whereas the doctor, for example, may be concerned only with the latest developments in the fight against one specific disease, or the dentist may be concerned only with the latest discussions regarding the fluoridation of water—not that these are not important considerations, but they are certainly narrow in range.

### **Liberal Arts Training**

It is because of this necessary scope of interest that the curriculum in economics and business administration has been developed within the pattern of the liberal arts. And this is obviously one of the outstanding reasons that much of the responsibility of training businessmen and economists has fallen upon the shoulders of colleges like ours. Proof of this responsibility, and perhaps of the successful acceptance of it, was recently shown by the results of a study conducted by two professors of Wesleyan University. This study revealed that small liberal arts colleges are quite influential in shaping much of the American economy because 62%

of the board chairmen and presidents of the 66 billion-dollar corporations in 1952 were graduates of small, independent liberal arts colleges.

### **Cites Objectives**

At Juniata we are attempting to accept this responsibility of a broad education by striving toward two objectives. First, the preparation of students to flow directly into the business world sufficiently prepared in the fundamentals of economic and business organization that they can quickly and efficiently adjust themselves to a specific position: Second the preparation of students who continue on to graduate schools to comprehend and integrate the advanced work with a greater degree of facility.

We are attempting to attain these objectives not only by offering courses in our own field, but also by encouraging—sometimes rather forcefully—students to obtain at least an elementary knowledge of the subject matter taught in each of the other two divisions, the arts and the natural sciences.

### **Integration Essential**

These suggested patterns of study are based upon the belief that a student must be aware of the problems, advances and techniques of these other divisions before he can properly integrate his accumulated knowledge and offer an intelligent contribution to society.

Finally, we also allow the above-average student to advance himself through his own initiative within certain areas in which he has demonstrated a certain amount of proficiency. Our most popular vehicle for this advancement, as you all know, is the "honors course" which is an advanced research project with close faculty advice and supervision. This method, I believe, removes much of the cause of criticism toward the small college in that they restrict a student to only a few courses in his special program.

## 'Mighty Proud'

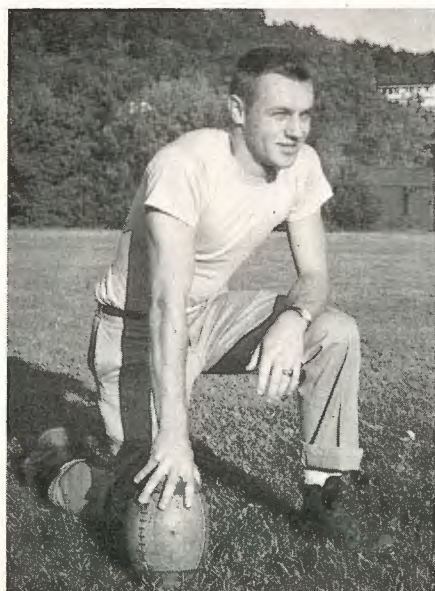

THE INDIANS of Juniata played like bowl-bound prospects in winding up another successful football season.

The victory over Ursinus, 33-6, was the fifth straight in a new streak and six out of seven this season. It was a victory that made Coach Ken Bunn and his assistant, Charley Godlasky, feel good. Rightfully so, too, because few Juniata fans gave Ken and Charley much chance of coming through this season with a 6-1 record.

Ken himself admitted the team "adapted itself to our system with unexpected ease" and "came through like champions." He added: "They're great boys—every one of them—and I'm mighty proud."

Season-end official statistics show Juniata topped the small colleges in rushing offense and ranked second on defense in the southern division of the Eastern College Athletic Conference.

The ECAC report revealed that the Indians averaged 247.0 per game rushing in compiling its rec-

VETERAN MANAGER of the Juniata Indians is Hen Gibbel '57 whose long term as chief of the tribe's football wigwam covered four seasons—three unbeaten—and three coaches.

ord with a new multiple offense in Coach Bunn's first season.

Juniata ranked 28th among the nation's small colleges in rushing offense and second only to unbeaten Westminster in Pennsylvania, according to the final statistics report of the National Collegiate Athletic Bureau of NCAA. The Indians' total offense of 286.7 ranked fourth in ECAC's southern division.

Defensively, Juniata's yield of only 160.0 yards per game rushing and passing gave the Indians second-ranking in the ECAC behind Moravian (an opponent which Juniata defeated 25-0) and eighth in the nation.

The rushing defense figures indicate that Juniata's "flyweight forward wall," led by its Little All-America honorable mention pair, John Staley and Charles (Moon) Mullen, allowed only 80.6 per game. This ranked Juniata second to Gettysburg in the ECAC and seventh in the nation.

### Only Defeat for Staley

John Staley, senior co-captain never played in a losing game until Lycoming upset Juniata 13-6. During his high school days at Har-Brack and his playing career at Juniata, Staley had an "undefeated record."

JOE TRIMBER '58

## Joe Is Spark

JOE TRIMBER, junior tailback from Moon Township (Coraopolis R. D.), sparked the high-gear multiple offense but he had to settle for second in scoring behind Bill Berrier, the "surprise package" freshman from Harrisburg.

Trimmer, a returning serviceman who did not start a game until mid-season, led the Indians in rushing, total offense, pass-receiving, punting and kick-off-returns.

However, Berrier romped to 11 touchdowns and place-kicked 8 out of 9 extra points for a team high of 74.

Trimmer's 507 yards rushing surpassed Berrier's 369. In addition, the Coraopolis Comet scored 42 points, averaged 31.8 punting, caught seven passes for 60 yards and returned five kickoffs for 118 yards.

A pair of freshman quarterbacks, Dick Fagan of Huntingdon, and Bob Schwalenberg of West Fairview, shared passing honors. Fagan completed 14 of 31 for 146 and Schwalenberg 9 of 20 for 140, including two touchdowns.

## All-Team Mention

**S**ENIOR Co-Captain John Staley, was named center on the Eastern Collegiate Athletic Conference's All-Star team for the southern division of small colleges to gain top honors for individuals among the 1956 Indians.

In addition, Staley and Co-Capt. Charles (Moon) Mullen, gained honorable mention on the Associated Press Little All-America team. Staley, along with Joe Trimber, were included among the honorable mention on Williamson's 1956 Little All-American squad.

The All-Pennsylvania selections had Staley as center on the second team and listed Trimber, Charley Haines, and Bill Berrier honorable mention.

## Seven Win 'J'

**J**UNIATA has awarded varsity J's to seven members of its first intercollegiate cross-country team, Coach Mike Snider announced.

Heading the list is Herb Layman, senior from Somerset, who won three of four dual meet races and took second in another. The only other senior was Doug Wilson of Altoona.

The Indians, competing in cross-country for the first time in collegiate ranks, won their first three meets from Elizabethtown, Muhlenberg and Albright before losing to Franklin and Marshall.

Lettermen were: Charles Brown, Bellefonte; Herb Deuchar, New York, N. Y. (McBurney High); Frank Hrach, Pittsburgh (Shaler High); Herb Layman, Somerset; Ed Moore, Baden (Aliquippa High); Jim Pettit, Woodstown, N. J.; Doug Wilson, Altoona.

## Allegheny County Is High

Allegheny County is represented by 26 students in the freshman class at Juniata. That's tops for all counties.

THE JUNIATA INDIANS are represented on the basketball court by what has been described as an "inexperienced five." Here's Coach 'Doc' Greene passing on experienced advice to the starting lineup: Kneeling, Chet White, Mike Armstrong, Bill Burchfield; standing, Gordie Ewers and Barney McLaughlin.

## Inexperienced Five

**F**ACED WITH THE task of replacing an all-senior starting lineup, Dr. T. Arnold Greene had to work against time to prepare for this season's stiff 21-game schedule that opened Dec. 1.

Only three lettermen, none of them regulars, returned from last year's team which scored a record high of 1711 points for an average of 71.5 in winning 14 of 21 games.

Finding five men to take over was no easy job, Dr. Greene admitted. "But I have been especially pleased with the spirit and attitude of this year's squad. They are learning fast and have plenty of hustle."

Two junior lettermen, Mike Armstrong, Altoona, and Barney McLaughlin, Forest Hills, Pittsburgh, formed the core of the team and were named co-captains. Bill Burchfield, Altoona senior letterman, also stepped into his first starting role.

After the three lettermen came

the "inexperience," but among the freshmen was a real "find" in Chet (Little Jet) White, from last year's highly regarded Altoona High team. Chet moved into a starting role and shared pre-holiday scoring honors with McLaughlin.

Gordon Ewers, McKeesport sophomore up from the junior varsity, gained the fifth spot because of his quick-handed, alert ball-hawking. Three other sophomores, Bob Ewald, 6-6 center from Boyertown; Mike Miller, Altoona, and Ron Wertz, Lewistown, were the front-line reserves along with Tony Quarantillo, junior from Niagara Falls.

## Science Department Directory

**EDITOR'S NOTE:** More than 540 alumni of Juniata College are listed in this directory compiled through the combined effort of the three departments in Science Hall—biology, chemistry, and physics—and the staff of the Alumni office. Information for the directory was obtained primarily from responses to a questionnaire circulated by Dr. Homer C. Will, professor of biology; Dr. Eva Hartzler, professor of chemistry; and Prof. Paul R. Yoder, associate professor of physics. If no reply was received, the alumni office noted the latest address, if available. Additions or corrections will be accepted with thanks.

J.; member of A.C.S., Electrochemical Soc., A.S.M., Chemists' Club, Amer. Electroplaters Soc., A.E.S.; Folkestone, 455 Johnston Drive, Watchung, Plainfield, N. J.

Myers, Jack E., M.S., Montana State College, Ph.D., Univ. of Minnesota; prof. of Zoology, Univ. of Texas; member of A.A.A.S., Amer. Soc. Plant Physiologists, Botanical Soc. America, Society of General Physiologists, Physiological Society; 1505 Northwood Rd., Austin, Texas.

Watkin, Walter B., M.D., 1938, Jefferson Med. College; physician; Saltillo, Pa.

## 1935

Berry, Kenneth L., M.S., Rutgers Univ., Ph.D., Yale Univ.; research chemist with DuPont in Wilmington, Del.; member of A.C.S.; R. 1, Hockessin, Del.

Cramer, Richard D., M.S. and Ph.D. from Harvard Univ.; research chemist

with DuPont in Wilmington, Del.; member A.C.S.; R. D., Landenburg, Pa.

McCreary, Melvin L., technical assistant to sales manager at West Va. Pulp & Paper Co., 230 Paris Ave., New York, N. Y.; member of Tech. Assn. of Pulp & Paper Co., Tech. Assn. of Graphic Arts; 147 Kilburn Road, Garden City, N. Y.

Minsker, Frederick P., M.S., Pa. State Univ.; chemist with U. S. Food and Drug Administration, Philadelphia 6, Pa.; 409 Sherman Rd., Springfield, Pa.

Rayner, Mrs. George (Jane Gehrett), Ph.D., Yale Univ.; housewife; member of A.C.S.; 900 Glenview Rd., Ridgewood, N. J.

Speicher, Ray E., M.S., Penn State; farmer; New Enterprise, Pa.

Smith, John O., Ph.D., Princeton Univ.; 149 Sycamore Ave., N. Plainfield, N. J.

#### 1936

Barkdoll, Archie E., M.S., Ph.D., Harvard Univ.; research chemist, DuPont, Wilmington, Del.; Southwood Rd., Hockessin, Del.

Miller, Thomas R., Ph.D., Univ. of Pa.; Carbide and Carbon Chemical Co.; 636 Quaker Road, Chappaqua, N. Y.

#### 1937

Barron, Harold E., Principal Troutville high school; Troutville, Va.

Botwright, Charles F., appliance sales specialist with Pa. Electric Co., Metropolitan Edison Co., Pottsville Pike, Reading, Pa.; 819 Brighton Ave., Pennside, Reading, Pa.

Hoover, Paul S., M.D., Univ. of Pa.; medical missionary; Bulsar, Surat District, India.

McCartney, John S., M.D. and Ph.D., Pa. State Univ.; research physicist, Corning Glass Works, Corning, N. Y.; Member of Amer. Physical Soc., Optical Soc. of Amer., Soc. for Experimental Stress Analysis; 105 E. Third St., Corning, N. Y.

Smith, Harold R., chief of chemical Alarms Section, Army Chemical Center, Md.; 34 N. Main St., Bel Air, Md.

Zentmyer, David T., M.S. and Ph.D. from Univ. of Pa.; chemist, Armstrong Cork Co., Lancaster; member of A.C.S.; R. D. 6, Lancaster, Pa.

#### 1938

Carney, Albert S., M.S., Univ. of Pa., Ph.D., Penn State Univ.; asst. prof. of chemistry, Penn State Univ. Center, Altoona, Pa.; member of Amer. Chem. Soc. and A.A.A.S.; 2714 Third St., Altoona, Pa.

Epple, Robert P., Ph.D. from MIT; staff scientist with A. D. Little, Inc., Cambridge, Mass.; member of Amer. Chem. Soc., N. Y. Acad. of Arts and Sciences; 10 Stoddard Road, Hingham, Mass.

Harley, Wilbur J., M.D., Jefferson Med. College.

Livengood, Samuel, M.S., Ph.D., Rutgers Univ.; industrial fellow, Mellon Institute of Industrial Research; 339 Long Road, Pittsburgh 35, Pa.

Papadeus, William, 7323 195th St., Flushing, N. Y.

Price, Carl E., graduate study Univ. of Pennsylvania; 17 Lakeview Ave., Renassaler, N. Y.

Tobler, Ruth M., graduate study at Penn State; analytic chemist, Firestone Rubber Co.

#### 1939

Aikey, Arthur A., supervisor of analytical lab, Celanese Corp. of America, Morris Court, Summit, N. J.; member of A.C.S.; 37 Alexander Ave., Madison, N. J.

Clark, Robert H., graduate study, Univ. of Pa.; chemist; 22 Akron St., Meriden, Conn.

Coffman, John A., M.S., Trinity College; manager of general engineering laboratory, General Electric Co., Schenectady, N. Y.; member of A.C.S. and Rubber Div.; R. D. 3, Ballston Spa, N. Y.

Cramer, John M., graduate study Penn State; principal of Juniata Jt. high school; R. D. 2, Mifflintown, Pa.

Goodale, Charles F., assistant sales manager for E. I. DuPont, Wilmington, Del.; 1309 Oberlin Road, Wilmington, Del.

Greene, George A., graduate study Univ. of Pa.; assistant metallurgist Yale and Towne Mfg. Co.; 237 S. 42nd St., Philadelphia 4, Pa.

Hassler, William W., M.S. and Ph.D. from Univ. of Pennsylvania; prof. of chemistry and head of the department at Beaver College, Jenkintown, Pa.; member of Alpha Chi Sigma; 304 Quigley Ave., Willow Grove 6, Pa.

Hollyday, William, M.S. and Ph.D. from Rutgers Univ.; research chemist with Esso Research and Engineering Co., Linden, N. J.; member of Amer. Chem. Soc. and Amer. Assoc. for Adv. Science; 139 Farley Ave., Fanwood, N. J.

Lincoln, Robert M.; M.S., University of Pa.; chemical engineer, Atlantic Refining Co.; State and Providence Rds., Media, Pa.

Meiss, Philip E., quality control engineer for Thiokol Chemical Corporation, 780 N. Clinton Ave., Trenton 7, N. J.; member of A.C.S. and Amer. Soc. for Quality Control; Jacksonville-Hedding Rd., R. F. D., Bordentown, N. J.

Miller, Robert C., junior fellow-organic synthesis fellowship with Mellon Inst. of Ind. Research, 4400 5th Ave., Pittsburgh 13, Pa.; member of A.C.S.; 227 Pheasant Drive, Pittsburgh 35, Pa.

Patterson, G. Harold, Ph.D. from MIT; head of analytical research division of DuPont Co., Jackson Lab, P. O. Box 525, Wilmington, Del.; member of A.A.A.S., Amer. Chem. Soc.; 825 Wooddale Rd., Bellevue Manor, Wilmington 3, Del.

Roslund, Clifford R., M.S., Bucknell and working on D.Ed. at Penn State Univ.; supervising principal of Tunkahannock Jt. Schools, Tunkahannock, Pa. member of local, county, state, national education associations, president of Wyoming Co. Principals' Club, vice-

pres., Northeast Area of Pa. Study Council; Tunkahannock, Pa.

#### 1940

Bair, Robert K., Ph.D. from Northwestern Univ.; patent agent for Sterling-Winthrop Research Institute, Rensselaer, N. Y.; member of A.C.S., Eastern New York Patent Law Assoc.; 34 Cambridge Road, Albany 3, N. Y.

Beacham, Harry Hoyt, Jr., M.S., 1943, Trinity College, grad study at Univ. of Rochester and Univ. of Pittsburgh; research fellow, Univ. of Pittsburgh; member A.C.S.; 1004 E. Seventh St., Plainfield, N. J.

Copper, Robert A., grad study at Rutgers Univ. and Univ. of Pittsburgh; industrial fellow at Mellon Institute, 4400 Fifth Ave., Pittsburgh 13, Pa.; member of A.C.S.; 294 Barclay Ave., Pittsburgh 21, Pa.

Marrow, Raymond T., Ph.D. from Univ. of Colorado; organic chemist with U. S. Naval Ordnance Test Station, Room 1609 Michelson Lab., China Lake, Calif.; member of A.C.S.; 210 A Mitscher Road, China Lake, Calif.

Rowland, Charles S., M.S. and Ph.D. from Pa. State Univ.; director of finishes and coated fabrics application dept., Interchemical Corp., 432 W. 45th St., New York, N. Y.; member of A.C.S., N. Y. Paint and Varnish Production Club; 8 Somerset Rd., Tenafly, N. J.

Walter, Dean I., head of the analytical chemistry branch, Code 6370, Naval Research Laboratory, Wash. 25, D. C.; member of A.C.S., Amer. Scientific Affiliation; 3634 Horner Place, SE., Washington 20, D. C.

#### 1941

Beegle, L. Clair, M.S., Trinity College; American Cyanamid Research Labs, Stamford, Conn.; member A.C.S.; 109 Leeuwarden Rd., Darien, Conn.

Beyer, George L., Ph.D., Rutgers Univ.; Eastman Kodak Co., Rochester, N. Y.; member A.C.S.; 1103 Bay Rd., Webster, N. Y.

Haines, Paul G., M.S. and Ph.D. from Univ. of Pa.; senior research chemist with Pa. Salt Mfg. Co., Whitemarsh Research Lab., Phila. 18, Pa.; member of A.C.S., Phila. Organic Chemists' Club; 3038 Joshua Rd., Lafayette Hill, Pa.

Morgan, Roy G., design draftsman, Kamis Engineering Co., Phila.; 5100 Archwood Ave., Phila. 43, Pa.

Reighard, Howard E., graduate study Johns Hopkins Univ., Univ. of Md.; engineer, Calvert Distilling Co., Baltimore; 4312 Mainfield Ave., Baltimore 14, Md.

Rumberger, Wilson A., M.D., Univ. of Pittsburgh Med. School; office in Greater Pittsburgh airport; R. D. 4, Charlton Heights, Coraopolis, Pa.

#### 1942

Aitken, Merl A., head of analytical lab., Carbide and Carbon Chem. Co., S. Charleston, W. Va.; member of A.C.S., Amer. Soc. for Testing Materials, Amer. Gas Assoc.; 4607 Noyes St., So. Charleston, W. Va.

**Brumbaugh, Robert J.**, 2608 Ashwood Drive, Havertown, Pa.

**Haines, Charles J.**; grad study at Morris Harvey College; member A.C.S.; senior chemist, Carbide and Carbon Chem. Corp. S. Charleston W. Va.; 4609 Young St., Richmond Hts., Spring Hill, W. Va.

**Jones, William H.**, M.A., Columbia Univ., Ph.D., MIT.; research chemist with Merck & Co., Inc., Rahway, N. J.; member of A.C.S., Alpha Chi Sigma; 171 Newman St., Metuchen, N. J.

**Morningstar, R. Eugene**, Ph.D., Ohio State Univ.; section head, Pilot Plant Engineering, Olin Mathieson Chem. Corp., Niagara Falls, N. Y.; 815 Chilton Ave., Niagara Falls, N. Y.

**Pentz, Clyde A.**, extension courses from W. Va. Univ.; chemist with Carbide and Carbon Chemicals Co., South Charleston 3, W. Va.; member of A.C.S.; 2306 Claridge Circle, South Charleston 3, W. Va.

#### 1943

**Garber, Max R.**, D.D.S., Georgetown Univ. School of Dentistry; dentist; member of Amer. Dental Assoc., N. C. State Dental Assoc., Delta Sigma Delta Dental Fraternity; office: Hill Bldg., Albemarle, N. C.; 122 Palmer St., Albemarle, N. C.

**Hahn, Erwin L.** (see physics).

**Knepper, Wilmer C.**, correspondence course in electrical engineering; supervisor of Celanese Corp. of America in Cumberland, Md.; Rt. 5, Box 216, Cumberland, Md.

**Long, Richard M.**, 50 W. Hillcrest Rd., Hagerstown, Md.; associate with father in typewriter business.

**Newill, Vaun A.**, 1210 Bender Ave., E. Cleveland 12, Ohio; M.D., Univ. of Pittsburgh; physician.

**Parsons, Robert L.**, R. D. 1, Pitcairn, Pa.

**Robb, Charles M.**, research associate in organic chemistry with Merck Sharp & Dohme Research Laboratories Div., West Point, Pa.; member of A.C.S., Phila. Organic Chem. Club; 39 Meade Rd., Broad Axe Village, Ambler, Pa.

**Tay, George H.**, Allport, Pa.

#### 1944

**Freeman, James H.**, M.S., Ph.D. from Univ. of Pa.; advisory chemist with chemical dept. of Westinghouse Research Labs, Pittsburgh 35, Pa.; member of A.C.S., Polymer Div.; 603 Florence St., Greensburg, Pa.

**Hunt, William C.**, M.S., Ph.D. from Univ. of Pa.; administrative fellow, Mellon Institute, Pittsburgh 13, Pa.; member of A.C.S. and Soc. of Plastic Engineers; 110 Hodil Terrace, Pittsburgh 15, Pa.

**Roberts, Mrs. William J.** (Eleanor Kennedy), 1804 Hawthorne Ave., Havertown, Pa.

#### 1945

**Jensen, Boyd C.**, research chemist with West Va. Pulp & Paper Co., Tyrona, Pa.; member of A.C.S.; 218 E. 11th St. Tyrona, Pa.

**Kelso, Robert G.**, Ph.D., Ohio State Univ.; project leader, development dept., Carbide & Carbon Chemical Co., S. Charleston, W. Va.; member of A.C.S.; 2027 7th Ave., St., Albans, W. Va.

**Putt, J. Ward**, 25 Reservoir Ave., Jersey City 7, N. J.

#### 1946

**Brumbaugh, George R.**, A.O.M. School, Radar School NATTC, Norman, Okla.; clerk and manage retail business (Brumbaugh Co.) as well as manage and operate two dairy farms; James Creek, Pa.

**Farnsworth, Walter B.**, M.S., Univ. of Pittsburgh; 20 Ramapo Road, Cranford, N. J.

**King, Harry H.**, group leader, analytical division, R&D Dept., Sun Oil Co., Marcus Hook, Pa.; member of A.C.S.; Ring Road, R. D. 1, Chadds Ford, Pa.

**Rogers, Ralph L.**, 22 Ridgewood Rd., Norwood, Pa.

#### 1947

**Bombaugh, Karl J.**, group leader, Analytical Development, Amer. Cyanamid Co., New Orleans 21, La.; member of A.C.S.; P. O. Box 37, Boutte, La.

**Bryant, H. L.**, assistant district manager of Factory Mutual Engineering Div., 300 Mt. Lebanon Blvd., Pittsburgh 34, Pa.; 315 Cherrydell Drive, Pittsburgh 20, Pa.

**Bridenbaugh, George**, Shippensburg, Pa.

**Diehm, William H.**, senior chemist with Youngstown Sheet and Tube Co.; 5953 Beechwood Drive, Youngstown, Ohio.

**Hoover, John R. E.**, Ph.D., Univ. of Pa.; senior medicinal chemist, Smith Kline & French Labs., 1530 Spring Garden St., Philadelphia, Pa.; member of A.C.S., Alpha Chi Sigma; 6501 Wayne Ave., Philadelphia 19, Pa.

**MacLay, William N.**, Ph.D. from Yale University; research chemist with the B. F. Goodrich Co., Brecksville, Ohio; member of A.C.S.; 600 Moreley Ave., Akron 20, Ohio.

**Meyers, Wayne M.**, research associate, Dept. of Microbiology, Baylor Univ. College of Medicine, Houston 25, Texas; M.S. and Ph.D. in Med. Microbiology from Univ. of Wisconsin; member of Amer. Assoc. for Advancement of Science, Amer. Scientific Affiliations; 4511½ Rossmoyne Blvd., Houston 6, Texas.

**Rohland, Mrs. James C.** (Gladys Johnson), 511 Bloom St., Danville, Pa.

**Shull, Ernest R.**, M.S. and Ph.D. from Penn State Univ.; research chemist with Linde Air Products Co., Tonawanda, N. Y.; member of A.C.S., Photographic Soc. of America, Organic Chemists Club of Western N. Y.; 19 Brookville Court, Tonawanda, N. Y.

**Strittmatter, Cornelius F.**, Ph.D., Harvard Univ.; associate in biological chemistry, Harvard Med. School, 25 Smattuck St., Boston 15, Mass.; member of A.C.S., A.A.A.S., Biochemical Soc., Soc. for Gen. Microbiology, N. Y.

Acad. of Sciences; 16 Shanley St., Brighton 35, Mass.

**Walter, Mrs. Ned** (Beverly Warner), housewife and mother, 75 Fern Court, Lake Jackson, Texas.

**Woomer, Luther V.**, research chemist, West Virginia Pulp & Paper Co., Tyrona; member A.C.S.; 104 9th St., Tyrona, Pa.

#### 1948

**Briggs, W. Stanley**, 13 Homewood Road, Lynnhfield, Wilmington 3, Del.

**Buch, Margaret L.**, M.S., Cornell Univ.; chemist for Dept. of Vegetable Crops, Cornell Univ., Ithaca, N. Y.; member of A.A.A.S., I.F.T.; 404 Oak Ave., Ithaca, N. Y.

**Crain, James**, 3213 Hebron Drive, Pittsburgh 35, Pa.

Assoc. for the Advancement of Science, Assoc. of Harvard Chemists, The Chemical Society (London).

Kaufman, Donald C., grad study at Penn State Univ.; analytical chemist with Dow Chemical Co.; member of A.C.S.; 416 W. Larkin St., Midland, Mich.

Lefever, Robert A., Ph.D. from MIT; senior research chemist at Virginia Institute for Scientific Research, Richmond, Va.; member of A.C.S.; R. F. D. 9, Box 155, Richmond 25, Va.

Mayer, Peter C., research chemist, Polymer Corporation Ltd., Sarnia, Ont.,

Canada; member of Chemical Institute of Canada; 835 Rosedale Ave., Sarnia, Ont., Canada.

Perkins, George W., M.S., Stevens Institute of Technology; organic chemist with U. S. Steel Corp., Monroeville, Pa.; member of A.C.S.; Box 258, Circle Drive, Delmont, Pa.

Walter, Ned F., grad study at Yale Univ.; chemist with Dow Chemical Co., Texas Division, Freeport, Texas; member of A.C.S.; 75 Fern Court, Lake Jackson, Tex.

Wolf, George R., M.S., Ph.D., Univ. of Pa.; research chemist with E. I. duPont de Nemours & Co., Newburgh, N. Y.; member of A.C.S., A.A.A.S.; 902 Kerper St., Philadelphia 11, Pa.

#### 1951

Bush, Walter M., Ph.D., Rutgers Univ.; research chemist with Eastman Kodak, Kodak Park, Rochester, N. Y.; member of A.C.S.; 21 Washington Rd., Pittsford, N. Y.

Byers, H. Franklin, 1845 Pennsylvania Ave., Hagerstown, Md.

Dixon, William B., 328 Fayette St., Cumberland, Md.

Kaufman, Mrs. Donald (Eleanor E. Seese), housewife; 416 Larkin St., Midland, Mich.

Kauffman, Theodore G., R. D., McVeytown, Pa.

Kay, Percy M., Jr., grad study at Yale Univ. School of Engineering-Industrial Administration; research chemist with Olin Mathieson Chemical Corp., Film Division, 475 Winchester Ave., New Haven, Conn.

Keene, Frederick J., M.S., Purdue Univ.; senior chemist, DuPont, Gibbstown, N. J.; member of A.C.S.; 511 4th Ave., Haddon Heights, N. J.

Kerr, Donald A., McVeytown, Pa.

Rowe, Carleton N., M.S. and Ph.D. from Pa. State Univ.; research chemist; The Texas Company; member of A.C.S., A.A.A.S., A.S.L.E.; 246 Fishkill Ave., Beacon, N. Y.

Stottlemeyer, Quayton R., Box 177 Whitmore Lab., State College, Pa.

#### 1952

Hatala, Robert J., graduate study at Yale Univ.; graduate student; Sterling Chemistry Laboratory, Yale U., New Haven, Conn.

Siren, Raymond L., grad study at MIT; working with U. S. Steel Corp.; Box 324, Hightstown, N. J.

#### 1953

Clark, Sidney G., 323 S. Keller St., State College, Pa.; graduate study.

Fowler, Raymond H., 9710 TU Det., 2 C ml. C, Army Chemical Center, Md.

Frysinger, Galen R., Ph.D., Yale Univ.; Fulbright scholar; Max Planck Institute, Goettingen, Germany.

Kulp, Mrs. David (Carol Shoemaker); grad study at Radcliffe, M.A.; housewife; Neshaminy P. O., Bucks County, Pa.

Walter, Jack W., research at Mellon Institute; Webster Tower Apt., 240 Melwood Ave., Pittsburgh 13, Pa.

#### 1954

Henry, Maurice A., chemist with Penna. Railroad, Altoona, Pa.; member of A.C.S.; 212 Coleridge Ave., Altoona, Pa.

Hercules, David M., graduate study at MIT; teaching assistant; member of A.C.S.; 305 Memorial Drive, Cambridge 39, Mass.

Norris, Wilfred G., graduate study University of Tubingen, Germany, and at Harvard Univ.; student; member of A.C.S.; 71 Hammond St., Cambridge 38, Mass.

White, William B., research at Mellon Institute.

#### 1955

Burket, Glenn E., 300 Locust St., Martinsburg, Pa.

Chilcott, Walter Ray, graduate study at Carnegie Institute of Technology; technical assistant, Applied Research Laboratory, U. S. Steel Corp., Monroeville, Pa.; member of A.C.S.; 117 E. Liberty St., Punxsutawney, Pa.

Deegan, Dennis I., US 52401705, Co B, USAREUR Sig. SVC BN 7774, APO 403, New York, N. Y.
